MBBS MDMSin NEPAL

About NEPAL

Nepal is a landlocked country located in South Asia. It borders India to the south, east, and west. Nepal has a diverse geography, including fertile plains, subalpine forested hills, and eight of the world's ten tallest mountains, including Mount Everest, the highest point on Earth. Kathmandu is the nation's capital and the largest city. Nepal is a multi-ethnic, multi-lingual, multi-religious and multi-cultural state, with Nepali as the official language.

Nepal has always been the First choice for Indian Students who want to Study MBBS in Abroad for Multiple reasons.

The medical degree offered in Nepal is recognized prestigious institutions such as the Medical Council of India (MCI), Sri Lanka Medical Council (SLMC), and holds global recognition. The curriculum adheres to global standards and is endorsed by the World Health Organization (WHO). The teaching faculties are highly qualified and bring extensive experience to the table. The program offers affordability, allowing students to pay fees in convenient installments. Nepal provides a friendly and welcoming environment, with a rich culinary and cultural experience similar to that of India and Sri Lanka. The colleges in Nepal have their own well-equipped hospitals, ensuring a robust patient flow for practical learning opportunities. The internship obtained in Nepal holds validity in India, Sri Lanka, and the Maldives, providing a seamless transition for graduates. Numerous Indian and Sri Lankan students have successfully completed their medical education in Nepal and are now established as renowned doctors in their respective countries.
